

BUSINESS DAY

COP25 BUSINESS & INDUSTRY DAY (BINGO DAY) Beyond Business as Usual: Leading for a Net Zero Future

A PRIVATE-PUBLIC DIALOGUE

6 DECEMBER 2019 | MADRID, SPAIN

The official COP25 Business and Industry Day is hosted and organised by the International Chamber of Commerce (ICC), in its capacity as UNFCCC Focal Point for business and industry, in collaboration with the International Emissions Trading Association (IETA), the Electric Power Research Institute (EPRI) and the World Business Council for Sustainable Development (WBCSD), with the support of the BNP Paribas Foundation and the World Bank Group.

BINGO Day will be made up of a high-level opening session followed by three consecutive sessions showcasing private sector leadership and action. Key stakeholders including climate change champions, government representatives, economists and scientists, as well as business leaders, will consider the main challenges and opportunities as we approach the critical 2020 climate milestone. We will discuss ways in which business can drive climate action and contribute to creating loops of climate ambition to support countries as they seek to enhance their Nationally Determined Contributions (NDCs).
